Dr. Seuss essay

"Be who you are and say what you feel..."

Dr. Seuss quoted "Be who you are and say what you feel, because those who mind, don't matter, and those who matter, don't mind." That quote simplified is "Be your self, and people who don't like it, won't matter, but those who you care about won't care." What both of these are saying is if you are your self, those who don't like it shouldn't matter to you, but the ones that care about you will like you being your self. In that matter, I totally agree with the quote, I believe that you should be your self no matter what others think. I don't just agree because Dr. Seuss is a famous author, I really do believe in this quote. Thank you.
