Dr. Seuss Quote Essay

Own Quote:

Be Yourself!

Say your feelings!

Because the people that want to change you aren't important,
and the people who are important don't want to change you.

The quote is important to me because it tells me to be myself and don't change. For example: Someone told me "You're weird!", "Just act like us!" and I said "NO! I can be myself how ever weird I am and I'm not changing!".
