In a crowded field with many quality candidates, these candidates rose to the top. Together they bring a wide variety of experience in community engagement and public service. They all have a vision for Frederick County that includes strong public schools and a system that has the resources needed to recruit and retain the best educators so all our students can succeed. To be considered for this recommendation, candidates completed questionnaires and participated in interviews with members of FCTA, Frederick Association of School Support Employees (FASSE) and Frederick County Administrative and Supervisory Association (FCASA). In order to receive the endorsement of FCTA, each candidate needed to have an affirmative vote of at least 58% of ballots returned in an every member vote.

This training highlights strategies teachers can use to foster trauma-sensitivity and address the needs of culturally and linguistically diverse students. We will specifically address techniques that help build trusting classrooms by focusing on understanding Cultural, language, economic differences, as well as unrecognized and undeveloped Abilities, Resilience, and Effort—the “C.A.R.E. Themes.”

C.A.R.E. Training Explores:

- Cultural, economic, and language differences
- The development of academic ability
- Academic and personal Resilience
- The connection between classroom, family, and community
- Connecting to students' first interests, experiences, and knowledge to motivate and engage them in learning
- The essential interdependent elements of the school as a system

Receive 3 MSDE CPD credits: Must complete all training and all required out-of-class assignments.
